8 **Change Notice:** Lorem ipsum lorem ipsum dona nobis lorem ipsum pacem e pluribus unum lux libertas

Footer Link #1
 Footer Link #2
 Footer Link #3

Annotations

- 1 Universal header navigation for the Intranet site, tentatively given the name here of "ITS Commons." Mirrors the ITS Redesign navigation menu - will be sticky as users scroll.
- 2 A search bar for the main header nav. Not as obvious as the search bar shown in the homepage, but intended to be used across all pages - unlike the search bar shown on the homepage.
- 3 A search bar specifically intended for use on the Intranet site. Assuming that users come to the Intranet primarily for ITS-oriented forms, documents or people.
- 4 Icons intended as a launching point to other relevant IT-oriented services or resources, akin to the categories on the ITS redesign homepage.
- 5 A system status sidebar - this will be consistent across the Intranet site - that showcases the current status of various ITS systems. Also includes a link to the mission and vision. May be used for other important topics.
- 6 News that concerns internal, ITS specific topics.
- 7 Sidebar of the most commonly used links on the Intranet site.
- 8 The change notice feed and footer links are intended to provide more information about ITS-specific concerns or resources.

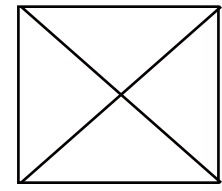

Annotations

- 1 The section drop-down navigation for People & Locations
- 2 Icon section for the navigation beneath People & Locations. Contains visual elements to make navigation easier.
- 3 Departmental Contacts carousel for each division at ITS. Ideally, would have some sort of contact information for getting in touch with specific members of each department - may be hooked into LDAP. May not be carousel-based.

Annotations

- 1 This is a simple listing of what a contact database for ITS might look like. The idea that it is under "People & Locations" is only a suggestion - it may be more fitting in "Resources," for instance.

Annotations

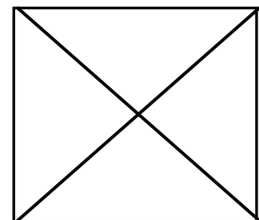

- 1 Drop-down menu specifically for the Policies & Forms section.
- 2 The Forms and Documents section, incorporates both a link to a list of them and a search box for searching through them.
- 3 The Stationery section provides a link to both ITS-specific stationery and the UNC Style Guide.
- 4 ITS Policies attempts to visually organize this page: <http://its.unc.edu/about-its/university-it-policies/>.

Annotations

- 1 Drop-down menu for the highest levels of the section. The second levels will have more varied, specific content,
- 2 This page serves as a landing page and provides an overview of both of the categories listed in the navigation menu.
